IF The Publisher and Editor of the Evering Signat desirms of concentrating all their energies upon their main meth weekly journal, THE NEW WORLD, have resolved to Escontinus the publication of their Daily, transferring so muc of its execulation and advertising as the good will of their pa-Crons shall youchsafe, to the New-York Trinune. This poper will be served hereafter to so many of the subscribers Ber Signat as do not see fit to direct otherwise,

This step does not involve any unish of interests between The two establishments, which will remain as they have ever been, united in the bonds of friendship and good will, but to-Gally disconnected in interests. It is the ambition of Messrs. WINCHESTER and BESIAMIN to publish the best and most populse Weekly paper in New-York, presenting the freshest and richest gleanings from the Literature of the Old and New Weelds; it is ours to print the best cheup Daily in New-York; and each will pursue his own path in harmony with, but tocally distinct from the other. If the measure of patronage which is now flowing in upon each be any criterion of past merit on future success, neither will have any reason to comolain.

The accession of the Signal's subscription was not desired by as for itself, since we are abundantly satisfied with our own sizeulation, which had already exceeded 9,000, and has never recreased so little as 1,000 in any week since our paper was comme iced. THE DIVISION OF GENESEE COUNTY .- The last State Paore commins officially the act of the Legislature by which the County of GENESEE is divided, and the Southern half consticated a separate and independent County, by the name of WENNING. East Orangeville is the temporary capital of the new County. The old one will continue to hold its Courts or Baresia. The town of Covington is divided; the Northern half takes the name of Pavilion. Each County is entitled englect two Members of the Assembly. Wyoning will elect ner County officers on the third Tuesday of June. Commississers are appointed to locate permanently the County buildesgs of Wyosning. The State lends her \$10,000 from the U S. Deposite fund to crect them, to be repaid in ten years.

We read this act with the sadness of parting from a tried and loved friend. OLD GENESEE, the Empire County, is no asore? Her sceptre has departed! No longer will her raighty voice thunder rebuke to reckless despots and heart-Bess demagogues. No longer will her bountiful, unfailing Whig majority resound through the country, blanching the rireck of Corruption and electrifying the hearts of Patriots -The steady beacon-light of Freedom will stream brightly as ever from her battlements, but it will no longer tower above all surrounding watch-fires. On her riven walls is written Schubod-the glory has departed!

Farewell to thee, OLD GENESEE! Since we were old energi to distinguish political right from wrong-to honor Patriotism and hate its counterfeit-to love our Native Land and loathe the demagogues who so long cajoled, expressed and despeiled her-our heart has ever throbbed, our voice Base been raised, in unison with those of thy incorruptible Freemen! In august and darkness we have struggled with soem, and at last shared with them the ecstacy of overwhelm on triumph. The Empire County, constant and noble through | Foreign. 221, shone forth brightest in the crowning victory. And, since Time could add nothing to her fame it is perhaps best that meses to her jarring local interests and happiness to ker sons!
